

In 2025, 382 individual mills were identified that are potentially connected to 90% of our palm-based raw material traceable volumes with a high probability. These mills are listed below. The disclosed palm oil mills list is correct to the best of our knowledge at the time of publication. Sasol International Chemicals has undertaken considerable efforts to validate the data via our membership at ASD but cannot guarantee its full accuracy or completeness. Therefore, Sasol International Chemicals makes no representation or warranty as to the accuracy and completeness of any third-party information contained herein.
